

Intrigue

Collection

*Modern Looks.
Lasting Performance.*

Discover Intrigue TTS
(Thermally Textured Surfaces)
- the perfect blend of style,
performance, and value.
Featuring realistic woodgrain
textures in a full spectrum
of light and dark shades,
Intrigue adds depth and
character to any design. The
same durability is available in
versatile solid colors, giving
you premium aesthetics at a
surprisingly attractive cost.

Key Features

Antibacterial

Surface is treated with antimicrobial silver ions which reduce bacterial load by 99.9% within 24 hours of contact.

Environmental

Engineered to maintain its form and feel, delivering consistent performance over time, even in high humidity or arid environments.

Resilient

Built with a resilient surface that stands up to daily use.

Non-Fade

Designed to retain its rich tones and authentic appearance without fading.

Durability

Provides reliable protection against everyday wear, scuffs, and surface impact.

Options

Create a seamless look with optional sequential grain matching for Slab styles.
